Mr. S. A. Standley returned Wednesday afternoon from Atlanta, where he purchased a carload of fine horses and mules. This car is expected to arrive tonight and will be at once placed on sale. Ocala is undoubtedly the chief stock market of the state.

Bert Marshall, the minstrel king, who has established a high standard of excellence, was more than ever pleasing last night and his efforts were very acceptable. His rendition of "Tildy Ann" and other popular selections in conjunction with suitable and appropriate gags, makes his act at once a favorite.—Savannah (Ga.) Press, Sept. 22, 1903. Bert Marshall will appear in Ocala with the Lyceum Comedy Co., Oct. 26, 27 and 28.

Has Ben Raysor been in Tampa since the Seaboard wreck. The Tampa Herald, after interviewing some of the passengers gives the following account of the wreck: "A total of ten freight cars were badly wrecked, several of them falling into the opening and at least four piling one upon another and the others being scattered for a distance of several hundred feet along the track and up and down embankments, making a most complete and general wreck."

When a boy turns his pocket inside out we marvel at the quantity and variety of articles he has stowed away. Odd lengths of string, marbles, a horse chestnut, a top, brass nails, hickory nuts, an apple, and many more articles are garnered by this "snapper of undissolved trifles." We think the collection must be hard on a boy's pocket. And it is. But do we ever think of the variety and miscellany of the substances we put in the pocket of our stomach? There is the apple and the nuts, and things besides quite as indigestible as brass nails and with no more food value than marbles. And yet we wonder that the stomach "gave out." When the stomach breaks down under the strain of careless eating and irregular meals it can be perfectly and permanently restored to health and strength by the use of Dr. Pierce's Golden Medical Discovery. The action of this medicine on the stomach and other organs of digestion and nutrition is so marked, that relief from disease is at once experienced, and the headaches, liver "troubles", kidney disorders, skin eruptions and other symptoms of a diseased stomach are quickly cured. Whenever the use of a laxative medicine is indicated, use Dr. Pierce's Pleasant Pellets. They act in harmony with the "Discovery," and assist its action by purging the bowels of foul accumulations.

Miss Mary Reardon and Miss Violet Harris will go to Gainesville the latter part of the week and will be the guests of Mrs. W. B. Taylor for a few days. They will attend the football game Saturday between the J. L. I. and E. F. S. teams.

Mr. M. Fishel returned Sunday from Hot Springs, Ark., where he has been for some weeks trying to get rid of his rheumatic ailments. Mr. Fishel stopped over a few days at his old home in Alabama. He returns very much improved.

Mr. L. S. Black, of Crystal River, was up before Commissioner Williams Monday for violating section 3242 of the revised statutes of the United States and also for intimidating a witness. He was held in both cases, gave bond and was released.

Mothers.

Who would keep their children in good health should watch for the first symptoms of worms, and remove them with White's Cream Vermifuge. It is the children's best tonic. It gets digestion at work so that their food does them good, and they grow up healthy and strong. 25c. at Anti-Monopoly Drug Store.

We enjoyed a very pleasant visit Wednesday from Mayor Fishel, who has just returned from a several month's trip to Hot Springs, Ark. He left his rheumatism at the springs and says that the cures there are marvelous. Some people who go there in rolling chairs and on crutches throw them away in a little while. The bath is cheap, the price of board is not excessive and the charge of the physicians moderate. Mayor Fishel was pleased with the management and everything connected with it.
